2019-2020 Global Education Important Information

Before you go:

- **File the 2019-2020 Free Application for Federal Student Aid (FAFSA)** available at www.fafsa.gov (VT school code - 003754) – this application applies to Fall 2019/Spring 2020 programs as well as 2019 winter session and the 2020 summer terms.
- **The Global Education Office will provide the cost of your program to our office.** USFA will update your cost of attendance to match the cost of the program. This adjustment in your cost will likely not result in a change in your current financial aid. It may increase eligibility for Parent PLUS or alternative/private loans.
- If you have program costs that are **due before financial aid can be disbursed**, you will be responsible for arranging to pay the up-front costs.
- There is **no guarantee** that financial aid will cover your costs for the program.
- Bilateral Exchange, ISEP, and non-VT programs require a separate **Consortium/Contractual Agreement** since they involve enrollment through another university or program. The VT Global Education Office handles these consortium agreements and any additional forms they require.
- **Not all financial aid may be used with consortium programs.** A financial aid advisor can determine if your particular type of aid can be used for your Global Education expenses.
- All requirements should be completed well in advance of the program departure date.
- Rising Sophomore Abroad Program (RSAP) students may contact the Office of University Scholarships and Financial Aid if they are interested in using financial aid to cover the cost of their programs.
- **Set up direct deposit.** This is the safest and most efficient way to receive your refund.

Once you have arrived:

- Per federal regulations, **financial aid cannot disburse** prior to the start of the Virginia Tech semester in which you are traveling.
- If you are attending Bilateral Exchange, ISEP, and non-VT programs requiring a **Consortium or Contractual Agreement**, an administrator from the host university must confirm your enrollment with the VT Global Education Office on the **Verification of Enrollment Form**, which must be returned to the GEO. Your financial aid will not disburse until you have reached your destination, officially begun classes and we have received this form.

When you return:

- Transcripts from the host institution must be received and processed promptly. You will receive a **one semester grace period** in which you will be allowed to receive financial aid while your transcript is being sent from the host institution and evaluated by VT. Failure to provide a transcript could result in retraction of your financial aid for that semester.
